December

"May love, peace, and blessings reach you."

"Enlarge the place of your tent,
And let them stretch out the
curtains of your dwellings;
Do not spare;
Lengthen your cortds,
And strengthen your stakes.
For you shall expand to the right and the left,
And your descendants will inherit the nations,
And make the desolate cities inhabited.

December 1st Offering Message (Yoko Osaka member)

I received a treatment by Pastor RIE for sway back on November 30th. Pastor RIE that has a license for personal trainer, first checked the balance of my whole body. She explained the condition of my muscles and bones now, and gave me the reason why I have sway back now.

In the process of the treatment, in order to loosen the muscles Pastor RIE told me to relax when caring one of my legs. But no matter how much I tried to relax, I was not able to relax.

Because not relaxed I would try to move myself, and when Pastor RIE tried to move my body for treatment was not able to. And as for my upper body, the shoulder blade had become stiff. Pastor RIE loosened it one by one and taught me how to exercise to bring it back to the right position. Then my body became loose and I was able to relax. I was also able to take a deep breath easily.

Pastor RIE also taught me the way to care for myself self to keep the position that was treated. When my body was all repositioned in the right place, I did not feel the stress I had been feeling for a long time in my body. I was so impressed how easy I am able to stand!

That is when I came to realize that it had become so natural for me to try to use my own strength, that I was so shocked.

My body that was so stubborn to do things with my own strength was freed, and I learned not trusting in God doing things with my own strength was going against the work of God.

I also felt the difficulties in moving my body in order to re locate my body in the right place, and even had pain when loosening my body that had gotten hard. But it was all necessary in order for my body to become easy to move in the right place. I felt that the pain and difficulties are like repentance of the muscles and the bones of faith, and prayer and devotion are like self care to keep the position of faith in the right place.

I had been feeling that I need to work hard when offering to God and trying all my might! I wasn't able to offer from my heart with joy.

I think it is because I was going against what God wanted me to feel through giving, with my own strength and was not able to understand.

God who provides all of our needs, will also provide for our offerings.

**Now may He who supplies seed to the sower, and bread
for food, supply and multiply the seed you have sown
and increase the fruits of your righteousness,
while you are enriched in everything for all liberality,
which causes thanksgiving through us to God.**

II Corinthians 9:10~11

When making ourselves ZERO and entrusting in God and offering, the movement of God will move us, and we are able to offer more than we even think we can.

**"Commit your way to the Lord, Trust also in Him,
And He shall bring it to pass.**

Psalms 37:5
